

Call for Applications: Honors Ball Committee

Honors Ball | April 25, 2026

About the Honors Ball

The Honors Ball is a signature event of the Honors Program and one of the largest annual gatherings for Honors students. Planned by Honors students, for Honors students, the Honors Ball is a celebratory event that brings the Honors community together.

Traditionally, the Honors Ball includes a unifying theme, music, dancing, food, and refreshments. At the same time, the Honors Ball is intentionally flexible and creative. Committee members are encouraged to think beyond traditional expectations and explore additional elements such as interactive activities, games, creative programming, or unique experiences that enhance student engagement.

The purpose of the Honors Ball is to celebrate the Honors community while creating a welcoming and memorable experience for students across class years.
